

Window Security Guards

1130 Series...

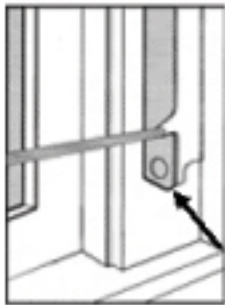

Solid Steel Bars...Child Safe 3 1/2" Bar Spacing

Mounts inside...Easy to Install!

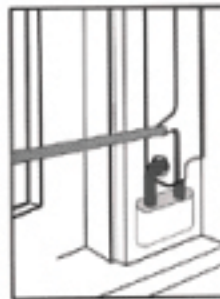

Swings in for easy cleaning or quick exit!

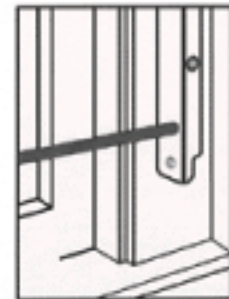

Locking Options:

Bolt & Nut (not included) Use round head bolt for greater security. Nut is not visible from outside.

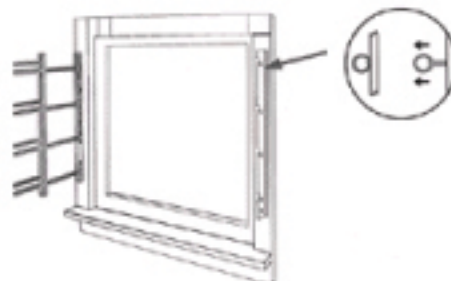

Padlock (not included). Hang key nearby for safety.

Fixed Mount - Non-opening Secure with 3" screws in package.

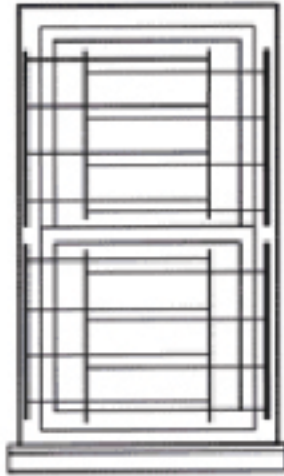

Fire Safety Release Pin (included)

Located out of reach of small children. Requires moderate force to release. Removing pin allows bars to be lifted. After removing pin an adult can easily lift bars free of diagonal slots in lock channel and swing free.

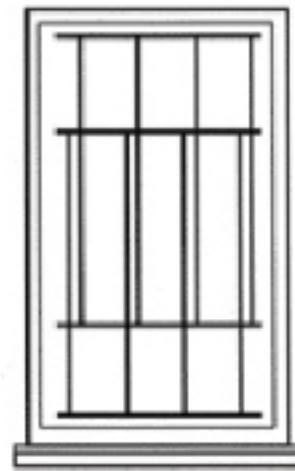

Window Security Guard

Typical Applications

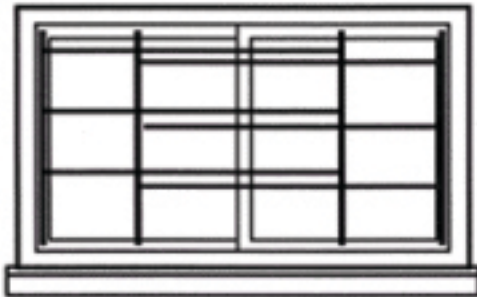

For Double Hung Windows

Bars can be mounted over both upper and lower sash, or over lower sash only, as desired.

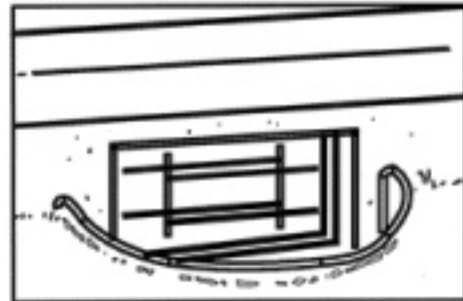

Mount vertically...

For Basement Windows

Often the most vulnerable windows.
Mount inside for security and ease of installation.

Or Horizontally.
